

16th EuBIS Seminar and Training

Seminar and Training for blood establishments and competent authorities referring to GPG and GMP' for blood and blood components (SoHO)

The Risk-based Approach

“From the Design to the Implementation of the Quality System”

AMENDMENTS BY THE EUROPEAN PARLIAMENT*
to the Commission proposal

REGULATION (EU) 2024/...
OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
of ...
on standards of quality and safety for substances of human origin intended for human application and repealing Directives 2002/98/EC and 2004/23/EC
(Text with EEA relevance)
THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

5th – 7th of November 2024, Rome, Italy

**organised by the EuBIS Academy
in cooperation with the Centro Nazionale Sangue (CNS)**

16th International Seminar and Training Course - Rome, 5th – 7th of November 2024

Invitation

Dear participants,

Quality management and inspection of blood establishments are a key stone in achieving best practice and guaranteeing the safety of blood and blood components for transfusion of patients. The European Blood Inspection System (EuBIS), initiated under the Public Health Programme of the European Commission, Directorate General SANCO, has developed a manual and training guide containing standards and guidelines for quality management and the inspection of blood establishments.

Based on the EuBIS manual and guide the EuBIS Academy has organised training seminars and courses in order to promote knowledge in the area of quality and safety of blood and blood components throughout Europe and worldwide. Following the 1st International seminar during the ISBT congress in Berlin, Germany, the seminar and training has received extensive international reputation with participants from EU member states (Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, France, Germany, Luxembourg, Hungary, Ireland, Italy, Latvia, Lithuania, Malta, The Netherlands, Poland, Portugal, Romania, Spain, Sweden, United Kingdom) and world-wide (Columbia, Norway, Switzerland, Kosovo, Kuwait, Turkey, Brazil, Curacao, Algeria, Lebanon, Morocco, Macedonia, Nigeria, Singapore, Saudi Arabia, Yemen, Qatar, South Africa, South Korea, Vietnam, United State of America, etc.). During the Pandemic, the EuBIS academy has organised Virtual seminars but is now offering again 'Face-to-Face' seminars. Based on the EuBIS-CNS courses jointly organised together with the Centro Nazionale Sangue (CNS) and funded by the Istituto Superiore di Sanità (ISS) in Rome (2018), Palermo (2018), Florence (2019) and Rome (2023).

The 16th International EuBIS Seminar and Training Course has been designed with the requirement of "Risk-based-Approach" to be implemented in quality systems. With the revised exercises and methodology, the course will be a further milestone in the objectives of EuBIS to give assistance in promoting its mission 'from good to best practice in transfusion medicine'.

On behalf of all EuBIS Project participants, Collaborating partners and the Academy trainers, we would like to invite you to Rome and hope that we will have an exciting training including fruitful discussions and extensive exchange of ideas.

Dr. Vincenzo De Angelis
General Director
Centro Nazionale Sangue (CNS)
Istituto Superiore di Sanità

Prof. Dr. Christian Seidl
Coordinator EuBIS Academy
VMD, German Red Cross, BTS

Dr. Simonetta Pupella
Director Medical Affairs
& Blood Inspection System – CNS
Istituto Superiore di Sanità

Dr. Fewzi Teskrat
International Councillor - EuBIS Academy
Senior Expert Tissues & Cells, ART

Dr. Livia Cannata
Head of International Relation - CNS
Istituto Superiore di Sanità

16th International Seminar and Training Course - Rome, 5th – 7th of November 2024

Seminar and training – The Risk-based Approach “from the design to the implementation of the quality system” for blood and blood components

This new version of EUBIS training aims to further expand on previous EuBIS courses and provides insights in more recent challenges and developments.

The training material has been revised to take into account in more detail and complexity the Risk-based Approach as required by the regulation of Good Practice (GPG) for blood and blood components in the European Union. In addition, the training will address the new “*Regulation on standards of quality and safety for substances of human origin intended for human application (SoHO)*” (COM(2022)0338 – C9-0226/2022 – 2022/0216(COD)), that has been approved on the 24 April by the European Parliament and adopted on the 27 May 2024 by the Council, reinforcing the Risk based Approach.

The seminars will comprise lectures and group work in a face-to-face fashion based on cases covering several aspects of **GPG** and **GMP** such as:

- **Risk analysis and risk management,**
- **Inspection/Audit practice,**
- **Process design and risk assessment,**
- **Validation and Qualification,**
- **Change Control and change management,**

Previous participation in a EuBIS/Catie course is beneficial but not a prerequisite.

Training course participants:

- Qualified or trainee inspectors from a Competent Authority
- Individuals working in a blood establishment in the area of quality management.

Training places are limited: Selection of training participants and confirmation of participation will be on the basis on time of registration.

Registration and Payment

Training course language: **English (group work in English or Italian language)**

Course fees European/International participants: **470,- €***

* reduced fee for Italian participants (CNS partially covers the registration fee)

Registration: www.eubis-europe.eu (Academy / Meetings and Courses)

16th International Seminar and Training Course - Rome, 5th – 7th of November 2024

Meeting Venue - Training Location:

Scout Center

Largo Dello Scautismo 1, Nomentano, Roma, Italy

Roma Scout Meeting Center and - Hostel is located in Nomentano, a neighbourhood in Rome, and is near a metro station. Spanish Steps and Trevi Fountain are notable landmarks, and the area's natural beauty can be seen at Villa Borghese.

16th International Seminar and Training Course - Rome, 5th – 7th of November 2024

General Information

EuBIS Academy Members:

Dr. Fewzi Teskrat, ART-Clinic, Malta

Dr. Alex Aquilina, MBTS, Malta

Mr. Jan Ceulemans, HBRC-RKV, Belgium

Dr. Jose Manuel Cardenas, CVTB, Spain

Prof. Dr. Giuliano Grazzini, CNS, Italy

Dr. Simonetta Pupella, CNS, Italy

Prof. Dr. Giancarlo Maria Liunbruno, CNS, Italy

Dr. Vincenzo de Angelis, CNS, Italy

Dr. Jan Peter Jansen van Galen, emer. Sanquin, NL

Dr. Paul Strengers, Sanquin, The Netherlands

Dr. Margarida Amil, HBB Porto, Portugal

Dr. Margarethe Heiden, PEI, Germany

Dr. Helga Marie Huber, PEI, Germany

Wiebke Siegel, GMP-Insp. Germany

Mr. Mark Nightingale, NHSBT, United Kingdom

Prof. Dr. Christian Seidl, GRCBTS, Germany

Prof. Dr. Torsten Tonn, GRCBTS and N-E, Germany

Dr. Jeroen de Wit, Sanquin, The Netherlands

Prof. Dr. Philippe Vandekerckhove, EBA, Belgium

Amr Yousef Maqnas, SFDA, Saudi Arabia

Lesley Bust, AfSBT, South Africa

Organisers:

Prof. Dr. Christian Seidl

Coordinator EuBIS Academy

Vice Medical Director, German Red Cross Blood Donor Service (GRCBDS),

Frankfurt am Main, Germany

Dr. Fewzi Teskrat

International Counciler – EuBIS Academy

Senior Expert Tissues & Cells and ART, France

Dr. Vincenzo De Angelis

General Director CNS, Istituto Superiore di Sanità

Dr.ssa Simonetta Pupella

Director Medical Affairs & Blood Inspection System – CNS

Istituto Superiore di Sanità

Dr Andrea Aguzzi

Headquarter Administration, CNS, Istituto Superiore di Sanità

Dr.ssa Livia Cannata

Head - International Relation, CNS, Istituto Superiore di Sanità

16th International Seminar and Training Course - Rome, 5th – 7th of November 2024

Tuesday, the 5th of November 2024

10:30-12:30 Seminar I – Quality management and inspections

11:00-11:30 Lecture 1 Common regulatory requirements and quality standards (*EuBIS manual and guide*) and cross-references to GMP/GP guidelines (Directive 2016/1214).

11:30-12:00 Lecture 2 The New regulation COM (2022) 338: Overview and comparison between GPG and GMP

13:30 - 16:30 Workshop 1 – Implementing a risk-based approach

Lecture 3 - General requirements for risk identification and analysis

14:00-16:30 **Exercise 1 - Application of a risk-based approach for the classification of non-compliances ('real cases')**

16:00 -16:30 Quiz: 'Fresh up' what you have learned

Wednesday, the 6th of November 2024

9:30 - 12:30 Seminar II – Process design and risk analysis

9:30-10:00 Lecture 4 - Risk management and Assessment: Extended requirements and tools including root cause analysis.

10:00 - 16:30 Workshop 2 – Safeguard the introduction of a new process: Pro and Con

10:00 -12:30 **Exercise 2 – Blood donation, processing and quality control**

13:30-14:00 Lecture 5 - Change control and change management.

14:00-16:30 **Exercise 3 – Change control of processes**
Blood collection and Mobile blood sessions.

16:30 - 17:30 **Exercise 4 – Communication skills – Inspection completion (BE/CA)**

16th International Seminar and Training Course - Rome, 5th – 7th of November 2024

Thursday, the 7th of November 2024

9:30 – 12:30 Seminar III – Validation and Qualification: from theory to praxis

9:30 – 10:00 Lecture 6 – Validation and Qualification: from good to best practice

10:00 – 14:30 Workshop 3 - From Donation to Blood Products

10:00-12:30 Exercise 5 - Pre-donation testing, transport and storage, testing and production

12:30-13:00 Closing Session and EuBIS Training Certificates

Concluding remarks and *EuBIS Training Certificates*

Comment: Italian participants will receive the opportunity to participate in an electronic evaluation to receive credits from ISS

13:00-14:00 ‘Fare-Well’ – Lunch

16th International Seminar and Training Course - Rome, 5th – 7th of November 2024
